

MEETING REPORT

Team Name: Electronic Health Record System

Date of Meeting: 23/03/2025

Start Time: 16:00 **End Time:** 17:00

Meeting Location: WhatsApp Video Call

Moderator: Belina Durmishi

Recorder: Belina Durmishi

Other Members Present: Antea Koxherri, Elisona Doku, Elkier Ago, Evelina Gace, Flavia Koco, Liza Koliqi

Members Absent: N/A

Topics Discussed:

This week, we focused on use case diagrams for the healthcare record system, discussing how tasks are divided and how everything is organized. We carefully reviewed the complete use case diagram of the software, ensuring it clearly shows how different parts of the system interact.

Decisions Made:

We've made some important decisions this week to improve our project. We reassigned some tasks and removed certain system actors to better match the project's purpose. We also updated and corrected the functional requirements to ensure they accurately reflect what the system needs to do.

Tasks Assigned:

- **Antea** developed use cases for the Doctor and Organ Donor Coordinator roles.
- **Belina and Elisona** collaborated to create the use case diagram for the entire software. Additionally, they reviewed the use cases provided by other team members to ensure consistency and completeness across the project.

- **Elkier** developed use cases for Patients and IT Support.
- **Evelina** developed use cases for the Emergency Service.
- **Flavia** developed use cases for the Pharmacy Staff and Nutritionist.
- **Liza** developed use cases for Laboratory Staff.

Time, Place, and Agenda for Next Meeting:

30/03/2025

Location: WhatsApp Video Call
